High School -Rob Griffith HS_Softball@Elmora Youth.com	14 to 16	1	8	Ratings for new players in this division	tbd	No	EYL is looking at various options with other leagues

Teeners - Players start with coach pitch and then advance to player pitch. This level is run as an instructional level. The focus of this level is player instruction and to teach sportsmanship. A coach at this level will be expected to allow each player to play all defensive positions. The score may be kept, but there will be no standings and there will be no playoffs.

Ponytails - Minor League level fastpitch softball for girls only.

Middle School- Fastpitch softball for girls aged 11 to 13. Girls may steal when ball passes plate.

Games with Other Leagues - Please note that in the past EYL has partnered with other local softball organizations to provide our players with more games. You can expect a portion of games to be hosted by these local leagues. To all Players, Coaches and Spectators, please make sure your actions are a positive reflection of our league and community. This arrangement is a mutually beneficial partnership and we all need to work together for it's success.
